## DIAMOND SPECTACLES

THESE SPECTACLES ARE MANUFACTURED FROM "Minute Crystal Pebbles" melted together and are called DIAMOND SPECTACLES. Having been tested with the polariscope, the diamond lenses have been found to admit of ten per cent. less refraction than any other material. They are ground with great scientific accuracy, are free from chromatic aberrations, and produce a brightness and distinctness of vision not before attained in spectacles.

Manufactured by the Spencer Optical Manufacturing Co., New York.

For sale by responsible agents in every city in the Union.

**JOHN C. FOX,**  
Jeweler and Optician, Sole Agent for  
CARSON CITY, NEVADA.

## Take Warning!

THE V. & T. R. R. COMPANY ARE

cautioning to take due precaution against accidents and loss of life resulting from running of their trains; and they take this method of warning Parents and Guardians against the dangers attending the too common practice of Children playing about their Cars and locomotives. Those having in charge the business of the Company find it impossible to restrain boys, who frequent the termini and stopping places of the road from climbing upon the cars and engines, and they will feel themselves obliged to resort to more decided measures if these annoyances are continued. Recent accidents, which are wholly attributable to the carelessness of persons jumping on and off the cars when in motion, should be warning enough to themselves.

H. M. YERINGTON,  
Superintendent.

Exclusively, and none of its assets are liable

to be diverted for LIFE or MARINE losses, as is

the case with ALL other English Companies re-

presented on this coast.
